**RE: ASSEMBLY BILL 2759 THE CA STATE PRESCHOOL PROGRAM
ACT OF 2008- SUPPORT**

Dear Assemblyman Jones,

I write to indicate the support of California Business for Education Excellence for your AB 2759 The CA State Preschool Program Act of 2008.

Consolidating all the current State preschool programs would help improve their efficiency and effectiveness.

The business community of California has been very focused on getting students to grade level in all their subjects during their K-12 years AB 2759 will help us begin sooner by paving the way for our smallest kids to enter kindergarten with a fighting chance to succeed.

For these reasons we support AB 2759 The CA State Preschool Program Act of 2008.

Sincerely,

James Lanich, Ph.D
President
